CASH FOR WORK

RIVAL PROGRAM

JDA conducted cash for work activities as part of the objectives for year one of RIVAL (Returnees, IDPs, and Vulnerable adults Attain Livelihoods). The purpose of the program is to rehabilitate communities and help Iraqis rebuild their lives.

Cash for work activities provided 790 beneficiaries (140 women and 650 men) with job opportunities throughout 14 different villages. Beneficiaries assisted in the cleaning of public facilities and streets, the removal of garbage piles from town centers and Lalish centers, as well as cleaning streets. They also helped with the cleaning and renovation of the sewerage system in Beban, Bozan and Hatara villages. Two Lalish schools were also renovated through cash for work.

All small and heavy tools, machinery and materials to clean renovate public facilities were provided by JDA.
